**TwinCal** | **Atorva** 

*Dear Colleagues,*

The healthcare system continues to make new advances with medical breakthroughs and innovations, yet CVD remains a major cause of death across the globe, especially in India. The understanding and management of CVD needs to be updated often.

"Sims Lives", is set to achieve the same with the help of eminent Key Opinion Leaders. We are sure it will enrich our knowledge to treat our patients with CVD and its complications.

Looking forward for your valuable presence.

Programme Co-ordinator

**Dr. Virupakshappa V.**

**" One CME Credit Hour Awarded by Karnataka  
Medical Council for the Attendees "**

*Dear Doctor,*

Zydus has always been at the forefront in organizing scientific activities to aid the medical fraternity in their quest for updating themselves with recent developments and advancements in the field of Medicine.

"Sims Lives" is one such initiative where medical practitioners across Karnataka, will come together to discuss and share their views on the latest updates in the field of Cardiology.

We look forward for your elite presence, to make this Educative CME more lively and interactive.

Regards,

**Sanjay Suri**

VP Sales & Marketing  
Therapy Head SBU-2 (CVD)
